## **Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters**

To the Chairman and Members  
of the County Board  
County of LaSalle  
Ottawa, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of LaSalle, Illinois, (LaSalle County), as of November 30, 2013, and the related statements of activities and cash flows for the year ended November 30, 2013, and the related notes to the financial statements, and have issued our report thereon dated April 17, 2014.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered LaSalle County's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of LaSalle County's internal control. Accordingly, we do not express an opinion on the effectiveness of LaSalle County's internal control.

*A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.*

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control that we consider to be a significant deficiency, which is described in the accompanying schedule of findings and questioned costs as items 2013-II-01, 2013-II-02, 2013-II-03 and 2013-II-04.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether LaSalle County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Responses to Findings**

LaSalle County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. LaSalle County's response was not subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of LaSalle County's internal control on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering LaSalle County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance**

To the Chairman and Members  
of the County Board  
County of LaSalle  
Ottawa, Illinois

### **Report on Compliance for Each Major Federal Program**

We have audited LaSalle County, Illinois' compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have direct and material effect on each of its major federal programs for the year ended November 30, 2013. LaSalle County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility for Compliance**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of LaSalle County's major programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about LaSalle County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of LaSalle County's compliance.

## **Opinion**

In our opinion, LaSalle County, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended November 30, 2013.

## **Other Matters**

### *Report on Internal Control Over Compliance*

Management of LaSalle County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered LaSalle County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of LaSalle County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

### **Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of LaSalle County, Illinois, as of and for the year ended November 30, 2013 and the related notes to the financial statements, which collectively comprise LaSalle County, Illinois' basic financial statements, and have issued our report thereon dated April 17, 2014. Our audit was performed for the purpose of forming our opinion on the financial statements that collectively comprise LaSalle County, Illinois' basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report is solely to describe the scope of our testing of internal control over and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

## Notes to Schedule of Expenditures of Federal Awards

---

### Note 1 Basis of Accounting:

The accompanying schedule of expenditures federal awards includes the federal grant expenditures of LaSalle County, Illinois under programs of the federal government for the year ended November 30, 2013. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Because the schedule presents only a selected portion of the operations of LaSalle County, Illinois, it is not intended to and does not present the financial position, changes in net assets or cash flows of LaSalle County, Illinois.

### Note 2 Significant Accounting Policies:

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

### Note 3 Subrecipient Payments:

None

### Note 4 Noncash Assistance:

As reported on the Schedule of Expenditures of Federal Awards, LaSalle County dispensed noncash assistance in the form of food commodities, WIC food instruments, and immunizations. During the year ended November 30, 2012, the County received and used/expended the following non-cash assistance. These values are included in the determination of Federal awards expended.

Non-cash assistance type:	CFDA	Value
Food commodities	10.555	\$ 322
WIC vouchers (food instruments)	10.557	1,069,165
		<hr/>
		\$1,069,487

### Note 5 Other Federal Award Information:

LaSalle County did not receive or administer any insurance, loans or loan guarantees during the fiscal year ended November 30, 2013.

# County of LaSalle, Illinois

## Schedule of Findings and Questioned Costs

Dollar threshold used to distinguish between type A and type B programs:	\$300,000		
Auditee qualified as a low-risk auditee?	X	Yes	No

# County of LaSalle, Illinois

## Schedule of Findings and Questioned Costs

---

### Section II – Financial Statement Findings

#### **Finding 2013-II-01**

Condition - There is inadequate control over the functions of processing and recording the financial transactions of the County due to the inadequate segregation of duties stemming from limited personnel.

Effects - Many of the accounting functions are performed by the same individuals.

Cause - The County has a limited number of staff to allow for adequate segregation of duties.

Recommendation - It does not appear to be economically feasible to hire additional personnel to help segregate the accounting functions. However, the Board's close supervision and review of accounting information appears to be the most economical and appropriate manner to help prevent and detect errors and irregularities in the County's accounting and financial reporting.

Management response - The County's management and County Board's close supervision and review of accounting information is the most economical and appropriate manner to help prevent and detect errors and irregularities in the county's accounting and financial reporting.

#### **Finding 2013-II-02**

Condition - The Aging of Accounts Receivable for the Nursing Home contains small amounts that should be reviewed to determine if the amounts should be written off or pursued for collection.

Effects - There may be small amounts that should be written off or pursued for collection. In addition, an accurate listing will give the department a better picture of where the Nursing Home is financially.

Cause - No one is routinely reviewing the Aging of Accounts Receivable for the Nursing Home.

Recommendation - We recommend that this listing be reviewed monthly or at a minimum quarterly so that the Nursing Home could follow up on these amounts to receive all the payments that are due to the Nursing Home and to get a better picture of where the Nursing Home is financially.

Management response - Procedures are being finalized to start this process in February/March 2014.

#### **Finding 2013-II-03**

Condition - We discovered during the current year audit, that a check to the LaSalle County General Fund was listed as outstanding for almost four months.

Effects - It is much easier to follow up on outstanding checks sooner rather than later after a vendor may have moved locations. In addition, this will be a good double check to make sure internal checks have been cashed.

Cause – No one is routinely reviewing outstanding checks to make sure they are cashed.

Recommendation – Someone should review the listings of outstanding checks each month for unusual items and follow up on any amounts that appear to be unusual.

Management response - The Treasurer's office will review outstanding checks each month and follow up as appropriate.

#### **Finding 2013-II-04**

Condition - The Circuit Clerk does not prepare an accurate trial balance indicating the liabilities for their cash balances.

Effects - Most likely a liability is overstated by a similar amount to account for the difference, but without calculating a monthly trial balance, it is difficult to identify where the amounts are owed.

Cause - The Circuit Clerk does not prepare an accurate trial balance indicating the liabilities for their cash balances.

Recommendation - The Circuit Clerk should prepare a monthly trial balance so that it can accurately determine where its cash deposits are owed.

Management response – The Circuit Clerk will devote resources to identifying the difference and begin steps to create a trial balance.

#### **Section III – Federal Award Findings and Questioned Costs**

**None**

# County of LaSalle, Illinois

## Corrective Action Plan

---

### Finding 2013-II-01

Condition - There is inadequate control over the functions of processing and recording the financial transactions of the County due to the inadequate segregation of duties stemming from limited personnel.

Plan - The County Board of LaSalle County, Illinois is aware that this condition exists and will closely supervise and review all accounting information and results on a regular basis.

Anticipated Date of Completion - None. The County lacks sufficient resources to completely address this finding. As mentioned in the plan above, Management and the County Board will continue to supervise and review all information to reduce the likelihood of errors.

Contact Person – Jody Wilkinson, County Auditor

### Finding 2013-II-02

Condition - The Aging of Accounts Receivable for the Nursing Home contains small amounts that should be reviewed to determine if the amounts should be written off or pursued for collection.

Plan - Procedures are being finalized to start this process in February/March 2014.

Anticipated Date of Completion – November 30, 2014

Contact Person – Chris Csernus, Nursing Home Administrator

### Finding 2013-II-03

Condition - We discovered during the current year audit, that a check to the LaSalle County General Fund was listed as outstanding for almost four months.

Plan - The Treasurer's office will review outstanding checks each month and follow up as appropriate.

Anticipated Date of Completion – November 30, 2014

Contact Person – Don Lamps, County Treasurer

### Finding 2013-II-04

Condition - The Circuit Clerk does not prepare a trial balance indicating the liabilities for their cash balances.

Plan – The Circuit Clerk will devote resources to identifying the difference and begin steps to create a trial balance.

Anticipated Date of Completion – November 30, 2014

Contact Person – Andy Skoog, Circuit Clerk

# County of LaSalle, Illinois

## Schedule of Prior Audit Findings

---

### Finding 2012-II-01

Condition - There is inadequate control over the functions of processing and recording the financial transactions of the County due to the inadequate segregation of duties stemming from limited personnel.

Recommendation - It does not appear to be economically feasible to hire additional personnel to help prepare the financial statements and required footnote disclosures in accordance with accounting principles generally accepted in the United States of America. However, the County's management and County Board's close review of financial statements and required footnotes prepared by the external auditors appears to be the most economical and appropriate manner to help ensure complete and proper financial reporting.

Current Status - The County's management and County Board's close supervision and review of accounting information is the most economical and appropriate manner to help prevent and detect errors and irregularities in the county's accounting and financial reporting. This is a repeat finding for 2013.
