# **PRESS RELEASE**

Lori Bongartz, LaSalle County Clerk, announced that her office is in the process of mailing new voter identification cards to all current registered voters in LaSalle County. As required by Illinois Compiled Statutes, every 10 years is a redistricting year. The new cards reflect the change in Congressional Districts and for some voters a change in Legislative, Senate and County Board Districts. Bongartz advises voters to carefully examine their identification card paying particular attention to their precinct designation and polling place.

Persons that registered to vote or filed a change of address within the last several weeks will be included in this particular mailing, but will receive their cards within the next two weeks. Any one that does not receive a card within the next several weeks should contact the LaSalle County Clerk's Office at 815-434.8202.
